Audience Comments

Hike to the Lakes for those who desire

Lunch at Camp Ground 1:00 till 5:00 (which allows early lunch for those not going to the lakes and later for those hiking)

Important...After a shuttle from parking near camp ground, a hike of ¼ to ½ mile rather steep in spots to the ridge top for the dedication. Ask for a name tag and please RSVP so we know how many to expect for lunch. Bring your mountain clothing, drinking water, and hiking gear as weather is unpredictable and the hike to the ridge top is dry.

See you there!
